

PROPERTY improvement GRANT.PROGRAM

I. PROGRAM STATEMENT

The intent of the Vicksburg Downtown Development Authority (DOA) grant program is to strengthen the economic viability of downtown Vicksburg by providing financial assistance for those property owners who desire to improve the appearance and structural conditions of their building(s).

Downtown Vicksburg is unique to the economic health of the Vicksburg community because its condition, whether perceived or actual, plays a large part in the impression people have of the greater area. The downtown is a focal point of the community and Vicksburg property and business owners should take pride in the direction that the downtown area has taken in the past few years.

The Vicksburg DOA is initiating and coordinating downtown activities in the area of promotion, design, business attraction and the effective use of vacant space. However, the ultimate success of downtown Vicksburg is dependent upon the level of private sector commitment. It is up to the merchants, building owners, residents, professionals and investors to improve the mechanics of their business and the condition of their buildings.

it is important that the downtown buildings are safe and provide for continued community growth. The Village of Vicksburg and the Vicksburg ODA feel fortunate to have the ability to provide certain assistance to property and business owners to ensure that the downtown area continues to thrive. There is no other locale in the world that duplicates the combination of design features that we have in our downtown district.

The Vicksburg DOA has acquired a pool of \$36,000.00, from which it intends to provide eligible property and business owners grant assistance for improvements to their downtown structures. This grant program is intended to stimulate improvements to downtown buildings by providing an innovative cooperative financing mechanism. The resulting impact of the grants and in turn, the improvements to downtown will certainly be a public benefit. The grant program presents an opportunity to further preserve our community's heritage and to enhance and promote the unique atmosphere that the downtown can provide. Successful implementation will result in a stronger downtown Vicksburg, a stronger community, and business attraction enhancement for the greater Vicksburg area.

IV. GRANT POLICY

1. In addition to the Vicksburg ODA design guidelines, the ODA Grant Committee shall consider the following guidelines when reviewing and acting on the program applications:
 - a. The grant program boundaries include a substantial number of buildings and it is recognized that improvements to one structure may not have as great an impact on the downtown as improvements to another. Since the program dollar amount is limited, it is the intent of the ODA to provide the downtown with the greatest impact possible. Therefore, the DOA Grant Committee reserves the right to deny or amend an application based upon the reservation of funds for potential projects that would have, in the Committee's evaluation, the greatest impact to downtown Vicksburg.
 - b. The ODA Grant Committee reserves the right to reject any application for a building which, in the Committee's evaluation, is in such a state of deterioration wherein the grant funds would not have a significant impact on the building or the improvements to downtown.
2. It is the policy of the Village of Vicksburg DDA and its members to provide equal opportunity to all qualified individuals. There will be no discrimination against any person on the grounds of race, age, religion, gender, national origin, political affiliation, marital status, height, weight, or handicap or other protected classes.
3. All projects must serve as a public benefit to the community. For example, structural improvements, such as fire suppression systems, electrical system updates, facade beautification updates, etc, that provide for a safer and more accessible establishment may be considered public benefits. However, improvements or updates that in large part only benefit the property or business owner, such as installation of new fixtures, furniture or appliances, will not be considered a public benefit.

V. PROGRAM AMENDMENTS

The details of the Vicksburg DDA Property Improvement Grant Program may be amended subject to the formal approval of the Vicksburg DDA.

13. What is existing use of property to be renovated or improved: _____

14. Will this proposal result in change in use of property involved with project grant program? **D** YES **D** NO
